“

After sixteen months of silent hallways and empty classrooms, it was a delight to welcome all of our K to Grade 6 learners back into school.

KiS members look forward to an exciting year of outstanding achievements.

Grade K to 6: Back to School Day **Preschool Department**

The extensive preparation and planning made our preschool re-entry smooth and safe. It was wonderful to see excitation and smiling eyes peeking over the tops of masks as these small ones arrived ready for the new school year.

Welcome
Back To
School

Lower Elementary Department

Grades 1, 2, and 3 were busy competing. Students had a blast during their welcoming back-to-school day.

As for teachers, they were involved in extra training about blended environments to cater to all students' needs, whether online or at school.

Upper Elementary Department – Girls' School

Welcome, all my dears.

Allow me to say how happy we all are to have you here with us finally.

We started with a beautiful “Meet and Greet” together, then glided on to a Welcome Activity.

A tour around our block was arranged to help learners know their surroundings. Furthermore, we gradually took you all on the adventure of learning in class, where your eager minds were preceptive.

Thank you all, and we can't wait to see more of you in the coming days.

Best Regards,

Ms. Safaa Shouman,

Upper Elementary Department – Boys' School

Seniors at the Boys' Section shared in the process of having Grade 4 to 6 learners back to school. They were glad to welcome the students with encouraging speeches, funny games, and true wishes.

Recent Events & School Activities:

Lower Elementary Department

Lower Elementary learners were busy competing in various online games against each other. The use of game-based learning platforms and self-correcting interactive online exercises allow teachers and students to monitor and check for understanding.

This technique was integrated efficiently during English, Math, and Science. Our learners enjoyed it too!

The Middle and High School Department

– Girls' School:

Maya El Youssef: A grade 11 learner with a unique sports talent!!! Maya El Youssef, in grade 11, is a member of the Saudi Arabia Fencing Federation. She started fencing on the 19th of September. Fencing has three important skills blade work, footwork, and tactics. Being a fencer improved my speed, agility, and information processing. Maya had her first competition on the 17th of December and ranked 8th.

“

**WE ARE VERY PROUD OF YOU
MAYA!!!!!!**

”

Learning Activities Implemented in an Effective, Digital Environment!

Grade 8, Mathematics with teacher Rasha Hussein
Platform: Kahoo.it

Grade 8 learners competed to apply triangle congruence theorems.

Grade 9, Mathematics with teacher Rasha Hussein
Platform Kahoot.it

Lesson: Circles

Learners competed against each other to find the equation of a circle.

ADOLESCENCE!

What is Adolescent Coaching?

Coaching is a set of techniques that can help adolescents set goals and improve their lives. It can help adolescent learners solve problems, boost energy and/or confidence, recognize and focus on their strengths, improve interpersonal relationships, overcome stress, etc...

ADOLESCENCE!

This certificate is dedicated to KiS middle and high school learners!

Certificate of Attendance

THIS IS TO CERTIFY THAT

Rania Sidani

ATTENDED THE

FOUNDATION IN ADOLESCENT COACHING

NOVEMBER 2021

This Accredited Short Training Course comprised 17 hours live Continuing Professional Development (CPD) covering a basic coaching toolkit to support adolescents in Year 7 to Year 13 (Age 11-18) both within and outside of a school setting.
