Dear Parents,

Ramadan Kareem to you and your loved ones.

We have had a busy two months, in February and March. Our focus remains on integrating the use of technology, which promotes inclusiveness inside as well as outside of the classroom. This integration encourages students to learn and work with a global mindset, and be comfortable receiving, incorporating, and giving feedback, and is part of our commitment to nurture the whole learner.

Here are some of the key highlights from February and March.
